

"Learning Opportunity February 4th 2017"

"How you can afford to pack and camp in the wilderness, with your horse or mule and not break the bank."

Come on by and we will show you several different ways to accomplish this!

What will I need? What will I need to learn? What must my horse or mule need to know? Can I do this with the

family and one horse, pony, mule or donkey and a riding saddle? These topics and others; will be demonstrated and discussed at this gathering. If you have a family member, buddy or buddies, that you would like to have venture out with you, please feel free to bring them along. Prepare questions now and be ready to take notes that you can use at a later date.

This is a sponsored by Backcountry Horsemen of Washington and is "**Free.**"
